Refund requests received within thirty (30) days of purchase will be processed to the original method of payment in accordance with the policies set out below.

**All refund requests must be accompanied by a completed copy of this Cancellation/Refund Request Form.**

If the order is cancelled before the test kit has been shipped, the total amount will be refunded less an administration fee of R1100. Once the test kit has been shipped, a 50% refund (less any shipping fees) will be issued provided that you return the unopened test kit to the laboratory. The unused test kit and Cancellation/Refund Request Form must be returned at your own shipping expense. If you return the unused test kit using the prepaid mailer inside the kit, the return shipping cost will be deducted from your total refund amount.

No refund will be issued for refund requests that are received (i) more than 30 days after the initial order date, (ii) after one or more samples have been received at the laboratory; or (iii) after testing has begun.
